*Dedication*

#### DEDICATION

To the youth of our high schools about whom so much has been said in condemnation and from whom so little defensive response has issued, we dedicate this book.

And in doing so we are presenting something of the true high school life and atmosphere, in order to convince our fathers, our mothers, and our friends, who know and understand us so little, that we are not as delinquent as many would have us; in order to cast a truer, brighter light upon our activities and our enjoyments; and in order to impress upon them that we do have some moments of serious reflection and studious attention.

### SENIOR CLASS

Lowell: Scrap drive 1, basketball 1,2,3,4; softball 1,2,3,4; tennis court 2; vice-president of class 3; student council 3,4; pea picking 3; track 4; class president 4; band 4.

Lloyd: Scrap drive 1; basketball 1,2,3,4, captain 4; softball 1,2,3,4; tennis court 2; class president 2,3; pea picking 3; track 4; student body treasurer 4; vice-president of class 4; secretary of class 4; editor-in-chief of annual 4; band 4.

When we entered as freshmen there were six in the class, five boys and one girl who were imbued with the study habit. We were initiated during the first part of the year and all went well thereafter.

When we became sophomores there were still six members of the class, but soon the number dwindled to four. The first six weeks period was a joyful one as we prepared for the initiation which the freshmen feared.

Then came the thrill of being upper-classmen. By the middle of our junior year our number decreased to two and, being twins, there was a great possibility that we would hold out until the end.

Our senior year has proved to be the most exciting and enjoyable year so far. The juniors gave us a dinner on March 23, 1946, and a dance was enjoyed afterwards. We have been given many privileges that we wouldn't have had if the class were larger. We have been successful in activities, especially athletics, and we believe we will be missed.

Then came the day of all days, graduation, which we had waited so long to see. Now we wonder if we won't miss school. That's the way it goes, but we must make way for others. So, so long all.

SENIOR CLASS WILL

We, Lloyd and Lowell, the Seniors of 1946, in the town of Langlois, the County of Curry, and the State of Oregon, being in as good mental and physical condition as possible, do hereby make this, our last will and testament, rendering void and of no avail any former wills that may have been made by us during a period of temporary optimism.

Collectively, to our principal and other teachers we will you relief from the mental strain of having to tell us apart, and to all of you students, we leave to you our ability to get along with our teachers.

Individually---

I, Lowell, bequeath to Tom my ability to arrive gracefully late for classes without receiving the thousand word penalty.

To Betty, I leave my Home Ec. (cooking) ability, in the hope that I'll not have to "batch forever."

My ability to get along without arguing incessantly, I leave to Jimmie Everest.

To Martha, I leave my ability to "put over" history lessons without burning the midnight oil.

To Wayne, I leave my ability to send corsages to "Dilly".

To La Cretia and Annabelle I leave, my ability to dance.

To Bud, I bequeath, my smooth manner for "dancin' and romancin'" in hope that he will prove himself as dashing a swain with Ruth as I have been with Betty.

To Dorothy, I bequeath my perservance as a student, in the hope that it will encourage her to complete her high school education.

I, Lloyd, bequeath to all the girls my curly locks, so that they won't have to be bothered doing their hair in a dish towel prior to any and all special functions, especially should I say, volleyball games.

My ability and skill in driving, I leave to Walter Strain, in the hope that he'll learn to drive instead of to park.

I leave my whiskers to Wayne, they help to conceal a bashful expression.

To Elaine, I leave, my ability to ask questions "out of turn" in English class. This often saves the class from many a tough assignment, and is an accomplishment that should be cultivated.

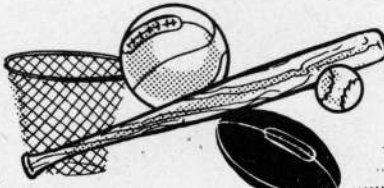

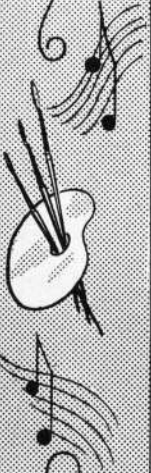

To Mahlon, I leave my ability to get along with the girls.

To Darrell, I leave my ability to get the girls home before midnight.

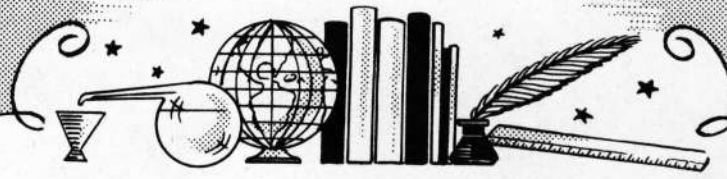

To Velena, I leave my skill to operate the gas stove, and to wash dishes without spoiling my finger nail polish.

So be it--signed this 23rd day of May, 1946---

Lowell and Lloyd Kreutzer

### SENIOR CLASS PROPHECY

One very stormy night in the year of 1945 & 46 we find Mr. Hagen seated by the fire-side in his home. Evidently he had intended to read the newspaper, but after a few minutes of this brain racking business, he dropped off into a deep slumber. Being very interested in the Senior class of this same year; we also find him dreaming of the future of the members of the class and making plans.

Looking forward into the year of 1955 at 4:00 a.m., we find Lloyd sleepily calling "Come Boss, Come Boss," for although he thinks a lot of his good looking wife and family, his darn ol' cows come first. If Lloyd had his way about it, he would see to it that every pure bred cow in his herd would get a large dose of cod liver oil daily; also, a great deal of money would be spent on the new style electric blankets for them.

Lloyd prizes his stock greatly because of good breeding and also because of the income the sale his stock brings him through advertising.

Three hours later of the same year and on the same day, Mr. Hagen looks through a window of a nice home in Corvallis and sees Lowell stretching, yawning, and trying to read the clock. After a few minutes he remembers to put on his horn rimmed glasses and at the sight of the time jumps out of bed. Yes, the Professor will be late for classes again because of the disturbance caused by one of the neighbors tomcats during the night. Whoops, you better watch your step, Lowell or you'll be moving away and selling that wonderful inner spring mattress you prize so greatly. Five tardy marks in a row isn't very complimentary to the head of the Home Ec. classes at Oregon State.

Just about the time Lowell arrived in the class room to be greeted by his students, the dream was interrupted by a rap on the door. Who was it? Well, that isn't necessary, the important thing was that his dream was wrecked and he realized that this was still 1945-46 and that Lloyd and Lowell were still just plain seniors with whom he would have to deal for some time to come. However, their future appears to be bright because they have acquired many of the good qualities that make for success, and by nature they are ambitious.

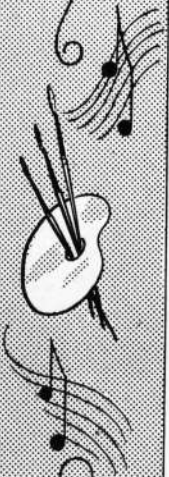

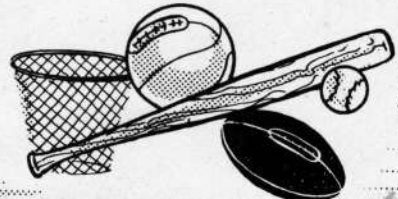

### "POME"

See the dear old Seniors,  
Going forward as before  
On their Pilgrimage of Knowledge,  
As they did in days of yore.

See the lazy Juniors,  
Lagging on behind,  
With a look of "Know it all"  
Suited to their kind.

See the smiling Sophomores,  
A battle has been won!  
No longer are they Freshie;  
Now they are in the fun.

See the baby Freshmen,  
Climbing up the hill,  
Having for their motto;  
"Do or die, we will!"

#### JUNIOR CLASS

When the class of '47 started as freshmen, there were fifteen. The number has gradually diminished until there are only twelve left; however it is still the largest class in L. H. S.

This year La Cretia Strain was elected president of the class, Velena Zuppe, vice-president, and Elaine Britton, secretary. Wayne Foster was elected as the junior class representative for the Student Council. Seven of the junior girls played on the volleyball team. All three of the junior boys played on the basketball team.

On March 1st the juniors received their long awaited rings. The rings have a gold "L" on a black shield on the front. On the sides are the student's initials and the date of his graduation.

The most important event for the juniors this year was the Junior-Senior Dinner and Ball. It was held on March 23rd at the Langlois High gym.

Next year when we meet as Seniors we expect to have a smaller class because some of our members are moving from the community, but the rest of us will carry on in the hope that some day we, too, will graduate.

#### SOPHOMORE CLASS

President	Dick Hildebrand
Vice President	Ruth Kreutzer
Secretary	Jean Everest

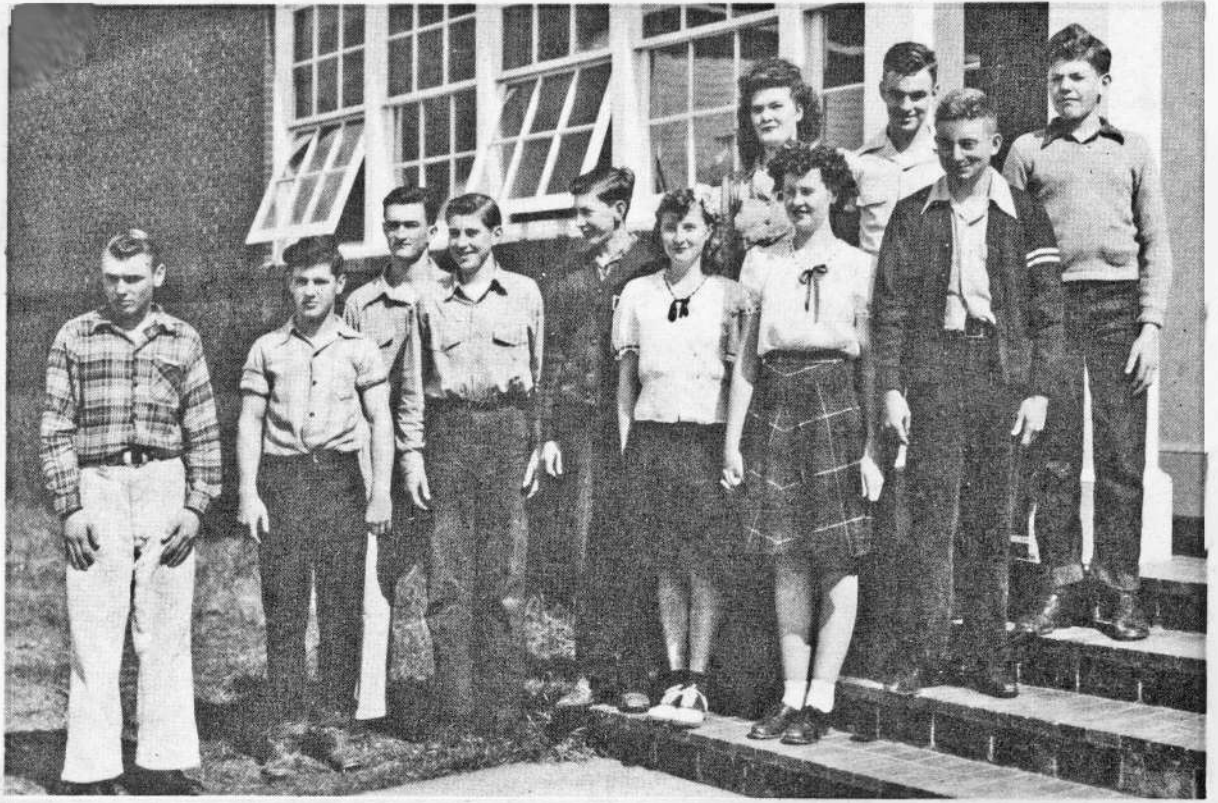

The sophomore class has been a versatile group with all the members partaking of some major activity this year. The boys were all members of the basketball squad and the girls played on the volleyball team.

The freshman initiation was sponsored by the sophomore class. After a long period of planning the tricks and pranks were organized for the meek group of freshmen. The program was very successful and we found the freshmen to be a very cooperative and creditable group of boys and girls.

*Freshmen*

#### FRESHMAN CLASS

President	Rudy Langlois
Vice President	Darrell Holycross
Secretary	Billie Lee Woodruff

Freshman class activities are not all strictly according to the rules, but we have fun. Sometimes the fun is at the expense of another classmate. The freshman girls seem to thrive on work, but to the boys that seems to be a disease. The freshman have partaken in all of the social activities though few activities were sponsored by the freshman class. The class as a whole has cooperated and worked together very well. Some of the pupils were inclined to be a bit lazy, but this was soon remedied by Mr. Hagen with a few light punishments and threats of more severe ones. During the year the freshman class has had a complete and well directed program.

### FRESHMAN INITIATION

The Freshman Initiation was held in the Langlois high school gym on September 28, 1945.

The freshmen initiated were: Darrell Holycross, Rudy Langlois, Tom Ferguson, Roger Stankavich, Marvin Cox, James Everest, Fred Zeigler, Mary Robinson, June Strain, and Billie Lee Woodruff.

Under the direction of the sophomore class many and varied characterizations were carried out. Tom became a comely young lady, who would never think of sucking her thumb. Marvin turned into a small baby unable to argue back; his fond and adoring mother being Mary. Rudy, the walking skeleton; Roger, the bold bad pirate of days gone by; June, a sleeping beauty; and Fred, a zoot suiter, all looked as if they had been borrowed from Barnum's Circus. Darrell, dressed as Cupid tried to win the hearts of all the girls. Billie Lee, dressed in her father's logging clothes looked as if she might have been one of Paul Bunyan's original loggers. Last but not least, Jimmie was the lonely little English war orphan looking for a home.

After the sophomores had finished their fun with the freshmen, dancing was enjoyed by all members of the student body. Later in the evening refreshments were served to all present.

### BAND

Early last fall the student body of the high school voted to have a band.

Mr. Charles Jensen was instrumental in the organization of our high school band. He spent a considerable amount of his time selecting suitable instruments for the students of the band.

Through Mr. Jensen's efforts we were able to get Mr. Wright, one of the leading band instructors in the state, to direct and instruct us. Mr. Wright was a band instructor at Jefferson High School in Portland, during which time his bands won many musical honors.

Several of the more expensive instruments and other equipment for the band were purchased by funds appropriated by the school board, together with funds raised from benefit dances and donations from individuals.

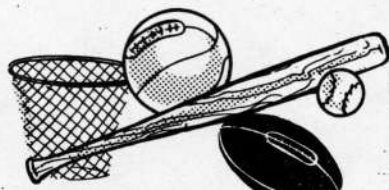

Our first Concert was held on April 13, 1946, and judging from the progress that has been made in the short period of a few months, the band will be an important organization of the school and community in the future.

### PLAY DAY

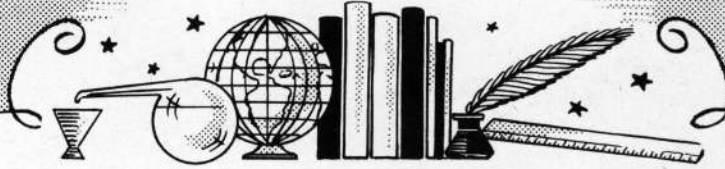

On Friday, April 26, the high school students traveled by bus to Gold Beach for the Annual Play Day activities for all schools in Curry County. In conjunction with the play activities a typing contest is held to determine the county champion in that line.

Softball, ping-pong, badminton, tennis, horseshoe and other games were played by everyone interested, and a fine lunch was served by the home economics class of Gold Beach high school.

Dorothy: "Men are all alike."\*\*\*\*\*  
Martha: "Men are all I like, too!"

### PLAY CONTEST

"Congratulations" by Francis Dyer Echardt, and directed by Miss Cary, was Langlois High School's entry in the annual Curry County Play Contest this year.

The characters are as follows:

Grandma Clark	Marjorie Cope
Amy Judson, her daughter	Jean Everest
Irving Judson, Amy's son	Dick Hildebrand
May Judson, Amy's daughter	Betty Storm
Constance Moore, school teacher	Ruth Donaldson
Charles Colburn, a boarder	Ed Sypher
Austin Bates, radio man	William Loshbaugh

The play is a comedy in one act.

The time and place in which the play begins is an afternoon in June, in a New England country town. The action takes place in the living room of the Judson home.

The play begins with Grandma and Amy scheming a love affair between Charles Colburn and Constance Moore.

The climax is copped when Irving reveals (by stealth of a book from Colburn's room) that Charles is already married.

The play ends with Austin Bates proposing to Constance Moore.

The annual Curry County Play Contest was held at Gold Beach on April 12, 1946, with all five schools in the county participating.

### TRACK MEET

The Curry County track meet was held on Friday, May 3, at Brookings. Several boys from Langlois high were entered in the meet and at the time of this writing no results have been received concerning the winners of events and team championships.

### BACCALAURATE

The Baccalaurate exercises were held in the Langlois Community Church on May 19, 1946.

### GRADUATION

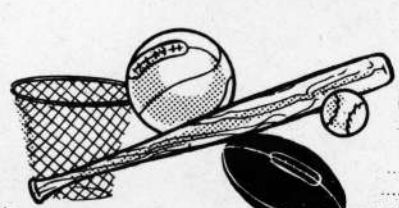

The graduation exercises of 1946 were held in the Langlois high school gymnasium, May 23, 1946, at 8:00 p.m.

Included in the program were the Invocation, a few musical numbers by the high school girls' glee club, and the address by Dr. Elmo Stevenson, president of Southern Oregon College of Education.

The diplomas were presented by H. S. Cadman, chairman of the school board. The exercises were closed with the Benediction.

## DANCES

### Annual Spring Dance

The "Annual Spring Dance" and Junior-Senior Ball were combined into one big event on March 23, 1946.

Spring flowers, backed by green, white, and yellow streamers, made a beautiful and appropriate background for the dancers.

All of the girls, true to the tradition of a Junior-Senior Ball, wore formals.

Charlie Jensen and his orchestra played "Enchanting Melodies" for the large crowd that attended the dance.

### Hayseed Hop

Last Fall the student body decided to get away from the usual kind of school parties and have a "Hayseed Hop". The girls and boys appeared in plaid shirts and jeans.

After a pleasant evening of dancing, refreshments were served. Leroy Hofsess and Norman Storm, former students of L.H.S., provided enough cider for everyone.

From all reports, another "Hayseed Hop" will be on the schedule for the 1946-47 year because of the success of this one.

### Benefit Dance

Our next dance was a benefit dance, November 21, 1945, to add money to the coffers of the student body. Charlie Jensen's orchestra provided the music.

### School Parties

On October 19, 1945, Langlois High School gave a dancing party for the members of the student body.

During the basketball and volleyball season dances were held for the visiting teams after the games. The student body phonograph was used to provide the music and committees prepared the refreshments for the occasions.

### Freshman Return Party

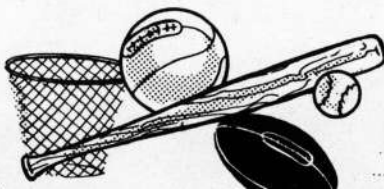

The Freshman return party was held April 19. Refreshments were served after the students had finished dancing. Everyone had an enjoyable time.

FIRST TEAM: left to right: Darrell Holycross, Ed Sypher, Lloyd Kreutzer, Lowell Kreutzer, Wayne Foster.

### BASKETBALL

At the outset the material appeared none too promising for the 1945-46 basketball season. There were no tall boys on the squad and the necessary speed to overcome this disadvantage seemed missing, also.

Mr. Hagen took the boys in hand and developed a good team that missed winning the county championship by a total of 4 points in the two games with the championship Gold Beach team.

Lloyd Kreutzer was selected by the boys to lead them and he proved to be an excellent captain. Good sportsmanship and clean living were the rules submitted by him to his team-mates.

Illness during the season hindered the success of the team for it seemed that every week someone was out due to measles, mumps or the "flu".

Next year's prospects are none too good for two of the regulars, Lloyd and Lowell Kreutzer graduate. However, when the time comes the material will be on hand and judgment can be more reliable.

### VOLLEYBALL

The pre-season outlook for the 1945-46 girls' volleyball team was very encouraging since most of the girls had already experienced a season of competition. The girls were jubilant over the prospect of being a strong contender for the county championship or possibly the champion.

The girls elected Annabelle Strain as their captain for the year and she proved to be a very capable and efficient leader.

However, for some reason as yet unexplained, the girls didn't seem to be able to meet their opponents with spirit and ability enough to win. The season's record showed that they won only 3 of the 8 games played. The girls are to be commended for their good sportsmanship and the manner in which they accepted defeat always with the "fair play" motive and "may the best team win" spirit.

The prospects for the next year are very promising for the whole team returns and should be a real threat to Curry County opponents.
